

School Council SPVA/SLC/MLC
March 2023

Time:6:32 pm

Facilitator: Roza Parlin

In Attendance: Christy Filgate, Roza Parlin, Stacey Buga and Amber Poliquin, Nicole Krill

Land Acknowledgement: Christy

School Trustee Report: Stacey Buga

- Partnership with Town of Gibbons to build a school and community facilities on a new land space - MOU with Town of Gibbons to work on building a new school. In the three year plan, Gibbons School will become priority one.
- Changes to attendance boundaries - SPVA/LC not affected by changes. Some changes to the catchment areas to help facilitate transportation.
- STEAM presentation from students at SPVA to the Board of Trustees - STEAM club from SPVA came in to present to the Board. Wonderful to see the connections between students and the high quality of education they are receiving.
- New Funding Model for Transportation - just received notice that we will receive increased funding for transportation. Not sure what this will look like yet.

Principal Report: Christy Filgate

- Pink Shirt Day - Participants at both campuses.
- Flex Friday - Parents and students love Flex Friday. It's helping to promote SPVA with younger siblings.
- Update on PD sessions for School council - just received all the information for our first PD session (April 5, 6:30 pm). This is only for our School council.
- Update on New LMS - Looking for a different LMS. Thus far we have met with Schoology. Good presentation. Still looking for presentations from D2L and Moodle. Not likely to be a partnership with D2L as the sale's rep indicated we're too small.
- Signage - We have signage in front of SPVA. Will need to follow up on other signs.
- Registrations - Great presentation from Lauren Walters on how to promote our school. Will reach out to staff to come out with some ideas on how to show that we are a fun and caring school.
- Registrations for Learning Centres - Students can register now. Helpful for staffing.
- ULead - Kristin and Christy will be heading to ULead in April.
- Update- Christy's new position - Christy will be Principal for Red Water, SPVA and LCs for the rest of this year, and then full-time with Red Water for next year.
- Potential Principal for next year - Could possibly be a 0.5 Principal with full-time Vice Principal.
- Send out announcement to all parents regarding the PD - School Council Purpose on Apr 5, 2023
- Red Water Chamber is in discussion with Fort Saskatchewan in regards to redefining the boundaries for their services. Fort Saskatchewan services Gibbons. In discussion to share services.

Followup from February:

1. Check on Chamber Network policies re: dual credit/Work experience - Nicole will contact Christy to set up a directory for students to set up Work Experience
2. Hot Lunch program

-Trouble collecting money in advance

-Idea - what about Lunch Lady or Healthy Hunger <https://healthyhunger.ca/school-help>
